BAZOO GOSSIP.

Brief Chats About Current Events.

The merchants of Sedalia anticipate a big fall and winter trade, and are purchasing large assortments. "It will be an old fashioned winter," said one of them to the Gossiper, "and seasonable weather is always better for business. In addition the enormous crops and prevailing good prices will have a tendency to make things more lively. The last three winters were unusually warm, and as a consequence at the opening of spring the merchants found themselves with half the winter stock on their shelves. The 'oldest inhabitant' and the scientist agree that the approaching winter will be long and somewhat severe, hence the merchant is laying in an extra supply."

"The initiatory steps for the new jail have been taken," said Sheriff Smith to the Gossiper—"something, too, that is very badly needed. The county court is willing to submit a proposition to issue \$35,000 in bonds bearing 6 per cent. interest, provided the proper petition is presented. There is no doubt but that the legal number of petitioners can be easily secured. In fact, I am at work on the business now. Pettis county can well afford a building of this kind, and it is essentially necessary that the work should be done as soon as possible. The present building is totally unsuitable for the purpose for which it is used."

"A good topic for discussion at these Alliance meetings," remarked a level headed farmer, to-day, "is the question of improving the county roads. It would be a vast deal better than the political wrangling going on. I notice we are to have a three day's meeting in Sedalia, but I suppose, as usual, about nineteen twentieths of the time will be devoted to the discussion of subjects that will benefit the farmer not a bit. The state constitution fixes ten cents on the \$100 valuation as the maximum amount that the county court can levy for road purposes. In Pettis county this amount is altogether sufficient. Twice has the legislature submitted an amendment to the constitution to increase this to 15 cents on the \$100, but each time it has been defeated by the agricultural districts. This would be a good subject to engage the attention of the farmers' meeting."

"The political fight now going on in Ohio," said Mr. Maltby, a Cincinnati traveling man to the Gossiper, "is getting warmer as the election draws near. It is a life and death struggle with the republican party, and they are aroused to an extent never before exercised. Money is being freely used and the best talent is being brought to the state to help the republican cause. And I tell you they will need every vote. I believe there would be no doubt of the re-election of Gov. Campbell were it not for some dissatisfaction with him in Hamilton county. Mr. Mills spoke to the malcontents at Cincinnati the other evening, and his address resulted in much good to the democratic cause. However, both Gov. Campbell and Maj. McKinley are personally very popular, and it will be a pretty fight to the finish. The democrats can bear a defeat in that state—the republicans cannot."

Mr. W. D. Buckley, a very intelligent and sociable gentleman of Ft. Smith, Ark., was in the city to-day. He is a graduate of William Jewell College, of Liberty, Mo., and is on his way to Columbia to pursue his studies at the Law school of the state university. "One of your former principals here, Prof. J. L. Holloway," he said to the Gossiper, "is now superintendent of schools at Ft. Smith, and is giving entire satisfaction. Another prominent gentleman, and former Missourian, is Judge I. C. Parker of the U. S. District court, and one of the hardest workers in Uncle Sam's service. His jurisdiction embraces some pretty rough communities, and a hanging is almost an every day occurrence, and excites no more interest than a Missouri dog fight." "By the way," continued Mr. Buckley, "you have a rattling nice town and it appears unusually enterprising, but I believe Ft. Smith might give you some lessons in street paving."
